## SERIES SPECIFICATIONS

Energized Electrical Contact Cleaner & Protectant is intended to clean and/or degrease electrical equipment when electrical current exists or when there is a residual electrical potential from a component, such as a capacitor. Instant solvent and cleaning action quickly removes greases, dust and oxidation. Restores and maintains precision and original efficiency of electronic instruments and electrical equipment. Penetrates pores of surface leaving a fine, microscopic film for protection against corrosion

## PHYSICAL SPECIFICATIONS

**Chemical Type**

Cleaner

**Size**

16oz

**Use**

Cleaning and degrease electrical equipment

**Color**

Black

**Box Qty**

12
